How to install Cisco AnyConnect VPN for RIT?

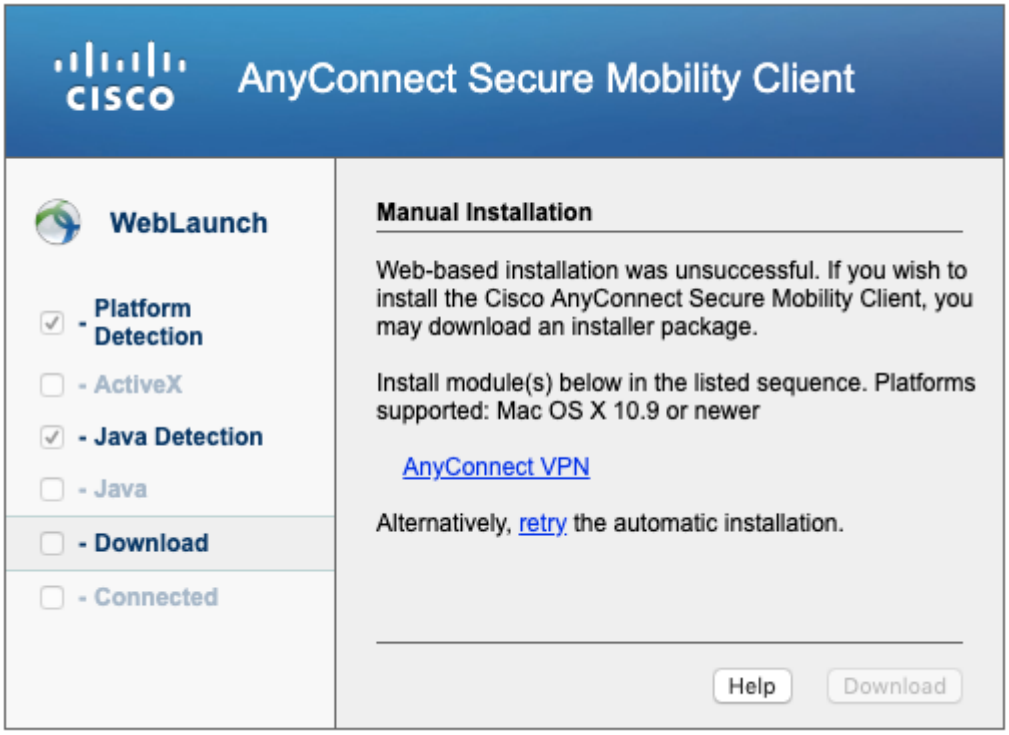

CAD Tech Student Managers - 2022-11-08 - How-to Articles

1. Go to http://vpn.rit.edu.

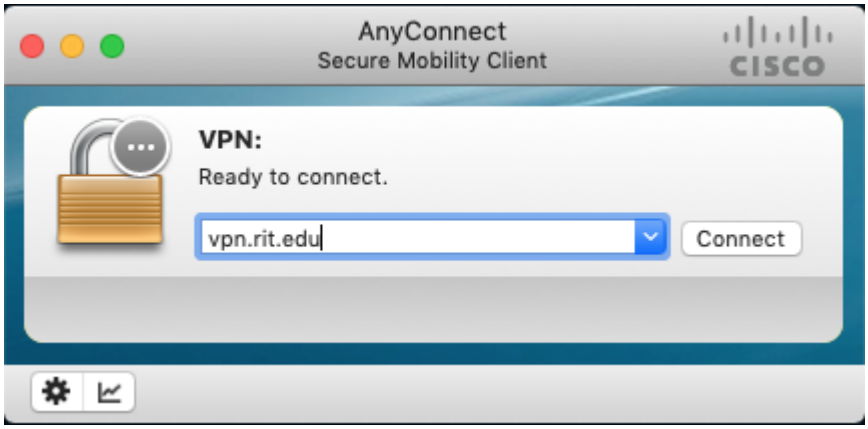

2. Check the 'I agree' box. This will bring up a login for your RIT credentials.

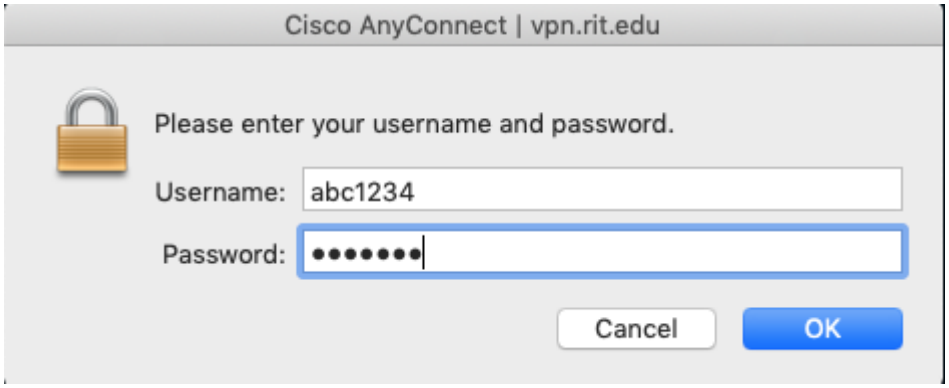

1. Click the 'AnyConnect VPN' link to download the AnyConnect Client.

1. Open the program. Enter vpn.rit.edu into the box.

1. Enter your RIT credentials at the prompt.

1. Click ok and you should now connected to RIT's network.
