My laptop won't mirror to a Display (Windows 10)

Erich S. Lehman - 2026-11-10 - Troubleshooting Guides

Problem Description:
Laptops running Windows 10 have been unable to mirror/display to Samsung TVs used in classrooms.

Solution:
Update your display drivers using the process below and you should be able to once again mirror your laptops to Samsung TV/Displays.

- Go to **Device Manager**
- Find **Display Adapter**, click on the arrow to expand
- **Right click** on the name of your graphics card (will vary by PC)
- Select **Update Driver>**
- Laptop should update.
- Test and confirm.
