Congratulations and Welcome to the School of Art

Welcome to the School of Art! We are very excited for you to begin your studies in August. There are no additional purchases required for students entering any of the majors within the School of Art. These programs begin with a full year of courses in Foundations and Art History. The Foundations courses have standardized materials, that are used across the course levels. The Foundations (FDTN) courses have course fees assigned to them and the College of Art and Design uses those funds to purchase the necessary supplies needed for these courses, at a greatly reduced cost.
