## Our Adobe license hasn't expired!

2022-09-27 - Erich S. Lehman - [Labs](#)

Our Adobe license hasn't expired!

We are aware of a message that you might see when launching Adobe applications. Our reseller is actively working with Adobe to renew our campus-wide license and we've been assured that there will be no interruption of service. The scary "expired" message should go away shortly.

As always, our online helpdesk is the best way to report problems: <https://helpdesk.cad.rit.edu/>
